Capexil Council,
Vanijya Bhawan,
3rd Floor, International Trade Facilitation Centre,
1/1, Wood Street,
Kolkata-700016

Sub: - The United States Generalized System of Preferences (GSP) – reg.

Sir,

The undersigned is directed to refer to the above mentioned subject and to say that the United States (U.S.) Congress authorized extension of GSP Benefit and currently India is one of the largest beneficiary under this programme. However, the Extension of GSP by the U.S. Congress is a general extension. The United States Trade Representative (USTR) would be reviewing Country specific eligibility. USTR notified that the review process for India is going to start shortly.

2. This Department has carried out the analysis of the current GSP benefit given by the U.S. to various commodities. The Tariff Lines on which the GSP benefit is being accrued presently at 8-digit level have been culled out chapter-wise and the Tariff Lines relevant to your organization are appended to this letter.

3. You are requested to start drafting appropriate responses with proper justification for each of the commodity or group of commodities dealt by your organization highlighting how the GSP imports into the U.S. from India are benefitting U.S. Industry given most of them being raw materials and intermediaries. Also, how the GSP products that are imported into the U.S. are benefitting the Indian Small Scale Industry.

4. The responses may be shared with your counterpart importers in the U.S. (for each commodity or group of commodities) and lobby effectively with them. They have to be pressurized (i.e. the U.S. importers of the commodities concerned) to file appropriate responses with USTR (once notified in Federal Register) including how the American industry would suffer if GSP benefit is withdrawn for each and every specific commodity or group of commodities.

Your sincerely,

(P V Hari Krishna)
(Director, Nafta)
