SENCON2019
 SENEGAL International Exhibition For Construction
 Materials and Machinery

**4th INTERNATIONAL EXHIBITION
 FOR CONSTRUCTION MATERIALS
 AND MACHINERY
 RENEWABLE ENERGY FORUM**

The International Exhibition of Construction Materials and Machinery Sencon 2019 will be held from 23 to 26 April 2019 at CICES (International Center of Foreign Trade of Senegal) DAKAR, with a forum especially designed to Renewable Energies.

All the new trends and novelties SENCON will again gather the participation of many professionals. SENCON is part of the drive to boost the sector of Construction Materials and Machinery in West Africa.

SENCON plays a very important role for the trade of Senegal and highlights it among the countries of West Africa. Dakar has always been a trading center, a very secure business zone for countries wishing to develop their collaboration zone in West Africa.

This 4th edition, to which many national and international exhibitors and professional visitors are expected, will also contribute to:

- ▶ Promote the partnership of professionals from the North and the South to intensify exchanges
- ▶ Develop local and international relations
- ▶ Encourage African economic operators and promoters in the sector to strengthen their distribution and production capacities.
